Duck Family Workshop University of Washington 2018 (Presentation)
Conference on Economies in an Age of Limits 2017 (Presentation)
McGill Political Science Research Brunch 2018 (Presentation)

Experience

Harvard Fellows at the Forefront

May - August 2021; May - August 2022

Graduate Research Organizer

- Lead a team of Undergraduate Research Assistants alongside Professor Dustin Tingley.
- Developed research project on inter-generational climate change mobilization.
- Guided research team, set agenda, and organized research team daily tasks.

London Economics International LLC

November 2019 - July 2020

Consultant

- Advising public and private sector clients on renewable and conventional energy policy, market and tariff design and asset valuation.
- Modelling regional electricity markets, updating demand assumptions for a 10-year price forecast.
- Formulating briefing memos for the President of LEI for expert testimony preparation and supporting preparation of numerous proposals for projects.

World Bank Group (WBG)

May 2018 - September 2018

Consultant

- Developed 2018 WBG Action Plan on Climate Change and presented to 30+ top WBG officials.
- Created methodology to identify clean energy and adaptation strategies for international stakeholders.
- Analyzed key adaptation interventions to identify focal lessons learned for future adaptation planning.

Siemens Ltd

December 2017 - May 2018

Economic Policy and Regulatory Intern

- Developed an analysis of low emission policies and regulations and presented it to key stakeholders.
- Created framework to assess economic determinants of energy transitions in multiple national contexts.
- Assessed feasibility of multi-source energy integration in various geographical contexts.

Skills and Technical Strengths

Computer Languages

R, RStudio, STATA

Software & Tools

LaTeX, Github, ArcGIS

Language Skills

Fluent English, Bosnian, Croatian, Serbian. French (Beginner)
